ARCHERY SAFETY QUIZ

Use what you have learned about archery safety to determine which of the below statements are true or false:

- When searching for arrows behind a target, let other archers know where you are by waving your arm.
 True False
- Never pass in front of other archers while at the archery range.
 True False
- Only draw a bow when pointing the arrow down range.
 True False
- When pulling out arrows, stand to one side of the target.
 True False
- Do not shoot an arrow straight up into the air.
 True False
- Never draw back a bowstring back further than the length of the arrow being used.
 True False
- Do not retrieve your arrows until the “stop shooting” and “all clear” signals have been given at the archery range.
 True False
- Always carry arrows with the points facing down.
 True False

Answers: F, T, F, T, F, T, T, T, T
