## CAMPFIRE SAFETY

One tradition of camping is to have a campfire in the evening. Although having a campfire would seem to be a relatively straightforward affair, there are several precautions that must be taken to assure campers do not get burned or the campfire does not inadvertently become uncontrolled and result in an unintentional wildfire.

For additional information about campfire safety, go to the Clover Safe note at: <http://ucanr.org/cloversafe>.

Clover Safe Notes are prepared by the UC ANR Office of Environmental Health & Safety, in support of the Statewide 4-H Youth Development Program.
