## BASIC GAS-WELDING SAFETY

Data available from the Consumer Products Safety Commission indicates approximately 15,000 welding injuries requiring hospital treatment occurred during 2008. The majority of these injuries were flash burns to the eyes.

For additional information about gas-welding safety , go to the Clover Safe note at: <http://ucanr.org/cloversafe>

Clover Safe Notes are prepared by the UC ANR Office of Environmental Health & Safety, in support of the Statewide 4-H Youth Development Program.
